

Oracle is growing

Join us and grow with us

Are you looking for a place to make a difference? A place where you will work with the brightest minds from around the world? If, so choose Oracle. Oracle is home to 70,000 professionals in more than 100 countries.

Apply now online to our new and challenging opportunities:

Junior BigData Consultants for Business Intelligence Projects

Location: Bratislava, Slovakia

Oracle Consulting is looking for new team members that would focus on working with latest technologies and industry standards (Big Data stack) using Oracle product portfolio (NoSQL technology, Oracle Big Data Discovery, Oracle Advanced Analytics etc.).

Deliverables will be created in areas of:

- Customer Intelligence – building behavioral models
- Big Data Analytics
- Data Enrichment – extending structured Customer information with unstructured content and statistics
- Web Data extraction, Storage and Analysis

We are looking for 1-2 students/graduates with relevant education and some work experience.

Required Profile:

- Study focused on Information Technology, Mathematics, possibly Finance and Economy
- Knowledge of SQL, Java, R, or other relevant tool or programming language
- Ability to learn quickly and share knowledge
- At least intermediate English skills – spoken and written
- Professional working experience during study is an advantage.

As part of Oracle's employment process candidates will be required to complete a pre-employment screening process, prior to an offer being made. This will involve identity and employment verification, salary verification, identity verification, professional references, education verification and professional qualifications and memberships (if applicable).

The Oracle logo, consisting of the word "ORACLE" in a bold, white, sans-serif font, set against a solid red rectangular background.
